## GEOENGINEERING FREE CANADA

### What is Geoengineering

"Geoengineering" is the name used to define the intentional process of altering - or "engineering" - the Earth's atmosphere.

### What are Chemtrails

"Chemtrails" is the name given to plumes emitted by aircraft in the sky.

### What are the Consequences

**Environmental Distruption  
Your Health    Animal's Health**

Many common diseases and a shorter life: These are just a few things that geoengineering causes:

Headaches, respiratory infections, aneurysms, strokes, reduced lifespan, heart attacks, fatigue, shallow sleep, ringing in the ears ("tinnitus"), muscle and joint pain, inflammation, anxiety, depression, and much more.

### Who We Are

**GEOENGINEERING FREE CANADA** is a federal coalition which provides a comprehensive source of information, support and opportunities for people to learn about chem trails and to work together to put an end to unsafe geoengineering practices. The coalition convenes regularly with Canadian and global action groups and guest speakers and advisers to improve collaboration and to achieve successful actions.

### What YOU Can Do

**Get informed! Get involved  
or form a group and become a  
team leader for your city or region  
Subscribe to the newsletter and join  
the zoom meetings featuring guest  
speakers.**

1. FOI
2. Write letters
3. Speak Out
4. Send Emails
5. Network at Large Event / rallies
6. Take Pictures/Videos
7. Join a Group
8. Public Exposure
9. Don't Quit

**When we stand by and do  
nothing, we are part of the  
criminal act.**

**This is the time to stand up  
and do something.**

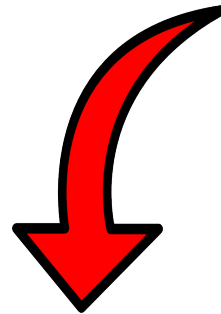

## Health Issues

- **Aneurysms** - Components of chemtrails are believed to block arteries and weaken arterian walls leading to aneurysms and eventually to deadly strokes
- **Strokes** - Nano-particle aluminum builds up in capilaried causing blockages eventually leading to aneurysms and stroke
- **Heart Attacks** - Barium dramatically lowers potassium in mammals leading to heart fibrillations and heart attacks. In fact barium is used in animal tesing to artificially induce heart attacks
- **Cancer** - Most of the components of chemtrails supress the immune system. When the immune system is suppressed for extended periods, cancer grows and thrives

## Animals

- Deaths of entire ladybug colonies
- Deaths of bats and bat colonies
- Massive bee die-off
- Brown pelicans are dying
- Largest Whale Die-Off on record
- Mystery crop dmgage
- Honeybees under attack

## Chemtrails contain Mercury
